Frequent Stay Program

(5/13/2010)

The 1910 House Bed & Breakfast recognizes that there are times when a person's travel requirements will bring them to the area multiple times. In order to encourage repeat stays, The 1910 House Bed & Breakfast has initiated a Frequent Stay Program that allows a guest to earn "Frequent Stay Discounts" of up to 20% off the standard rates. Below are the details of the program:

1. All guests are automatically part of the program.
2. For each 7 nights stay during a calendar year, a 5% discount is added to any prior earned discount for future stays during the same calendar year up to a maximum of 20% total discount.
3. The maximum discount earned during a calendar year is used as the discount for the following year. If the number of stays during that following year achieves a level that results in an increased total discount, that discount is used for future stays during the remainder of that calendar year and the start of the following year.
4. Repeat travelers who initially book at least 7 days with either single or multiple check-in dates can earn a 5% discount for the first 7 days. The deposit requirement is the same as described in the Reservation and Cancellation Policy on the website with the following modifications:
 - a. Multiple deposits are not needed. The initial deposit will continue to roll over to the next check-in date.
 - b. This will continue as long as there a minimum of one reservation at least two weeks later than the current check-in date.
 - c. For less than two weeks, the deposit will be applied to the last reservation.

This program may be modified or discontinued at any time. Upon discontinuation of the program, any earned discounts will still be valid for the remainder of the current year and the following year.
